Polly Tandy

20 YEARS GeoTHERM expo & congress

Ausbildung und Studium / *Education and studies*

Polly Tandy is a Well Engineer with more than 20 years of experience in the energy industry. She holds a BSc (Hons) in Geology from University College London, an MSc in Basin Evolution and Dynamics from Royal Holloway, University of London, and an MA in International Relations from Queen Mary University of London. Drawing on extensive experience in well planning, design, and operations, Polly has worked on a wide range of drilling projects throughout her career including, most recently, the University of York deep geothermal project.

Aktuelle Projekte und Tätigkeitsschwerpunkte / Current projects and key areas of activity

Currently working on University of York Deep Geothermal doublet. Generally involved in design and execution of wells but increasingly looking at geothermal feasibility for projects all over the globe.
